Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 20 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Heavy rain often persistent associated with Storm Christoph. Flood Risk.

Today:
Ongoing outbreaks of heavy rain, torrential at times, throughout the day, with an ongoing flood risk. Mild temperatures, but feeling chilly in strong, blustery winds. Winds strengthen through the day. Maximum temperature 11 deg C (52 deg F).

Tonight:
Further heavy outbreaks of rain, wintry over hills, associated with storm Christoph clear through the evening, leaving behind isolated showers and colder conditions during the morning. Winds remain strong. Minimum temperature 2 deg C (36 deg F).

Thursday:
Colder on Thursday with sunny spells and few blustery showers, the clearest skies later and in the south. Strong winds which ease gradually later. Chance of frost overnight. Maximum temperature 8 deg C (46 deg F).

Outlook for Friday to Sunday:
Cold, mixed, wintry weather throughout: Clear and sunny spells mixed with showers with risks of icy patches developing overnight. Clearest Friday. Showers most frequent Saturday. Cloudy Sunday.
